Annexure A

Additional Information as required in terms of the Listing Regulations read with SEBI Master Circular No. HO/49/14/14(7)2025-CFD-POD2/I/3762/2026 dated January 30, 2026

Particulars	Details
a) Name of parties to the contract	Rana Exim FZ-LLC and GHV Infra FZ-LLC (wholly owned subsidiary)
b) Nature of the contract	EPC Contract for Development of Smart Manufacturing Hub
c) Date of execution of the contract	--
d) Reasons for termination and impact thereof, to the extent possible	The Project and Master Plan approval from RAKEZ was to be obtained by Employer by January 31, 2026 as per terms of the Contract Agreement, which got inordinate delay by Employer. Subsequently by end Feb 2026, the war in West Asia started which is still continuing and situation remain uncertain with risk of payments and commercial issues with Employer. With uncertainty on the design & Engineering from Employer, approval of Master plan of the Master Project by RAKEZ by Employer even after 13 month from date of LOA and lack of proof of financial arrangements of Employer, GHV's deployed resources continued to incur costs without corresponding construction activity. In absence of above, GHV issued a notice of suspension of works on August 17, 2026 for material default of not sharing the Financial arrangement as per FIDIC Contract Provision and also insisted Employer to further provide payment guarantee in current war situation of west Asia and resolving other commercial issues. Discussions continued thereafter, but issues could not be resolved and Employer has not rectified the above material default even after sufficient notice thus GHV Infra has suspended all the Project activities during 2nd Week of September, 2026 till such compliance by Employers by furnishing Financial Arrangement to meet Employers Obligations under the Contract.

	Further, almost one year has elapsed and the Master Plan Approval is still pending from Employer. Under financial uncertainty and various delays and current uncertain situation of War in West Asia, the EPC Contract is Concluded as on 2nd Week of September 2026. Financial impact cannot be assessed as of now and further disclosure will be made as and when the impact can be quantified.
